Re: BBA Assessment of *Steni Colour and Steni Nature Rainscreen Cladding Panels*

The British Board of Agrément is currently undertaking the transfer of ownership of Agrément Certificate 09/4662 - Steni UK Limited to Steni AS Norway. The transfer of ownership replaces the previous certificate with a new certificate number for Steni AS Norway.

The assessment examines the cladding's structural integrity and performance and can conclude that the product specifications and intended use remains consistent with updated latest relevant Standards and current National Building Regulations.

I trust the above will provide the re-assurance regarding your product's fitness for their intended purpose. However, should you have any further queries, please do not hesitate to contact us.

Yours sincerely,

Chuks Ikem
